EDUCATION

Amity University Madhya Pradesh, Gwalior

2024 – 2028

B.Tech in Computer Science & Engineering (AI/ML Specialization)

Expected Graduation: 2028

TECHNICAL SKILLS

Web Development:

JavaScript, HTML, CSS, Django , Next.js , Tailwind CSS , SpringBoot, Node.js

Programming:

Python, Java, C++, MySQL

AI/ML:

TensorFlow, PyTorch, Keras, Scikit-Learn

Tools:

Git, GitHub, Linux, VS code , IntelliJ

PROJECTS

Twitter Clone [\[GitHub\]](#)

Tech: Django · HTML5 · CSS3 · SQL

- Developed a responsive Twitter-style social media platform with user authentication, tweet posting, and dynamic feeds.
- Built frontend interfaces using HTML and CSS while integrating Django backend functionality.
- Designed database models and implemented CRUD operations for user-generated content.
- Followed responsive design principles to ensure usability across different screen sizes.
- Utilized Git and GitHub for version control and project management.

MNIST Handwritten Digit Recognition

Tech: Python · TensorFlow · Keras · CNN

- Built a Convolutional Neural Network to classify handwritten digits from the MNIST dataset with high accuracy.
- Implemented preprocessing pipelines, model training, and evaluation — achieving 98%+ test accuracy.

RELEVANT COURSEWORK

Neural Networks & Deep Learning · Machine Learning · Data Structures & Algorithms · Operating Systems · Computer Organization & Architecture · Cryptography & Network Security · Discrete Mathematics · Object-Oriented Programming (Java)

ABOUT

Computer Science student with interests in web development, software engineering, and AI/ML. Experienced in building full-stack applications using Django and developing responsive web interfaces. Passionate about creating user-friendly web experiences and continuously learning modern web technologies.
